The Building Blocks Of Softuvo

Mr. Shanky Gupta

Managing Director

Seeing your business flourishing with flying colors is a dream for all, and I am witnessing this in reality with Softuvo. With the constant support of my brother Deepak Kumar and my team, no task seems impossible. It feels like an honor to be surrounded by such amazing talent around me.

I hope we unlock more possibilities and take Softuvo to greater heights in the future. One thing I believe is 'The Sky Has No Limit.' I totally abide by this quote and always stand with a positive and supportive attitude towards everyone.

"We are one, and we will stand as one."

Mr. Deepak Kumar

Managing Director

It feels like tomorrow when we opened our new office - Softuvo in Mohali. Since day one, we were focussed and determined towards our goals and we are truly blessed to receive a global acknowledgment from our clients. Our team size kept growing and now we have a team of more than 40 members. We hope we continue expanding and welcoming new talent to the organization.

"Dreams come true only when we have the courage to pursue them."

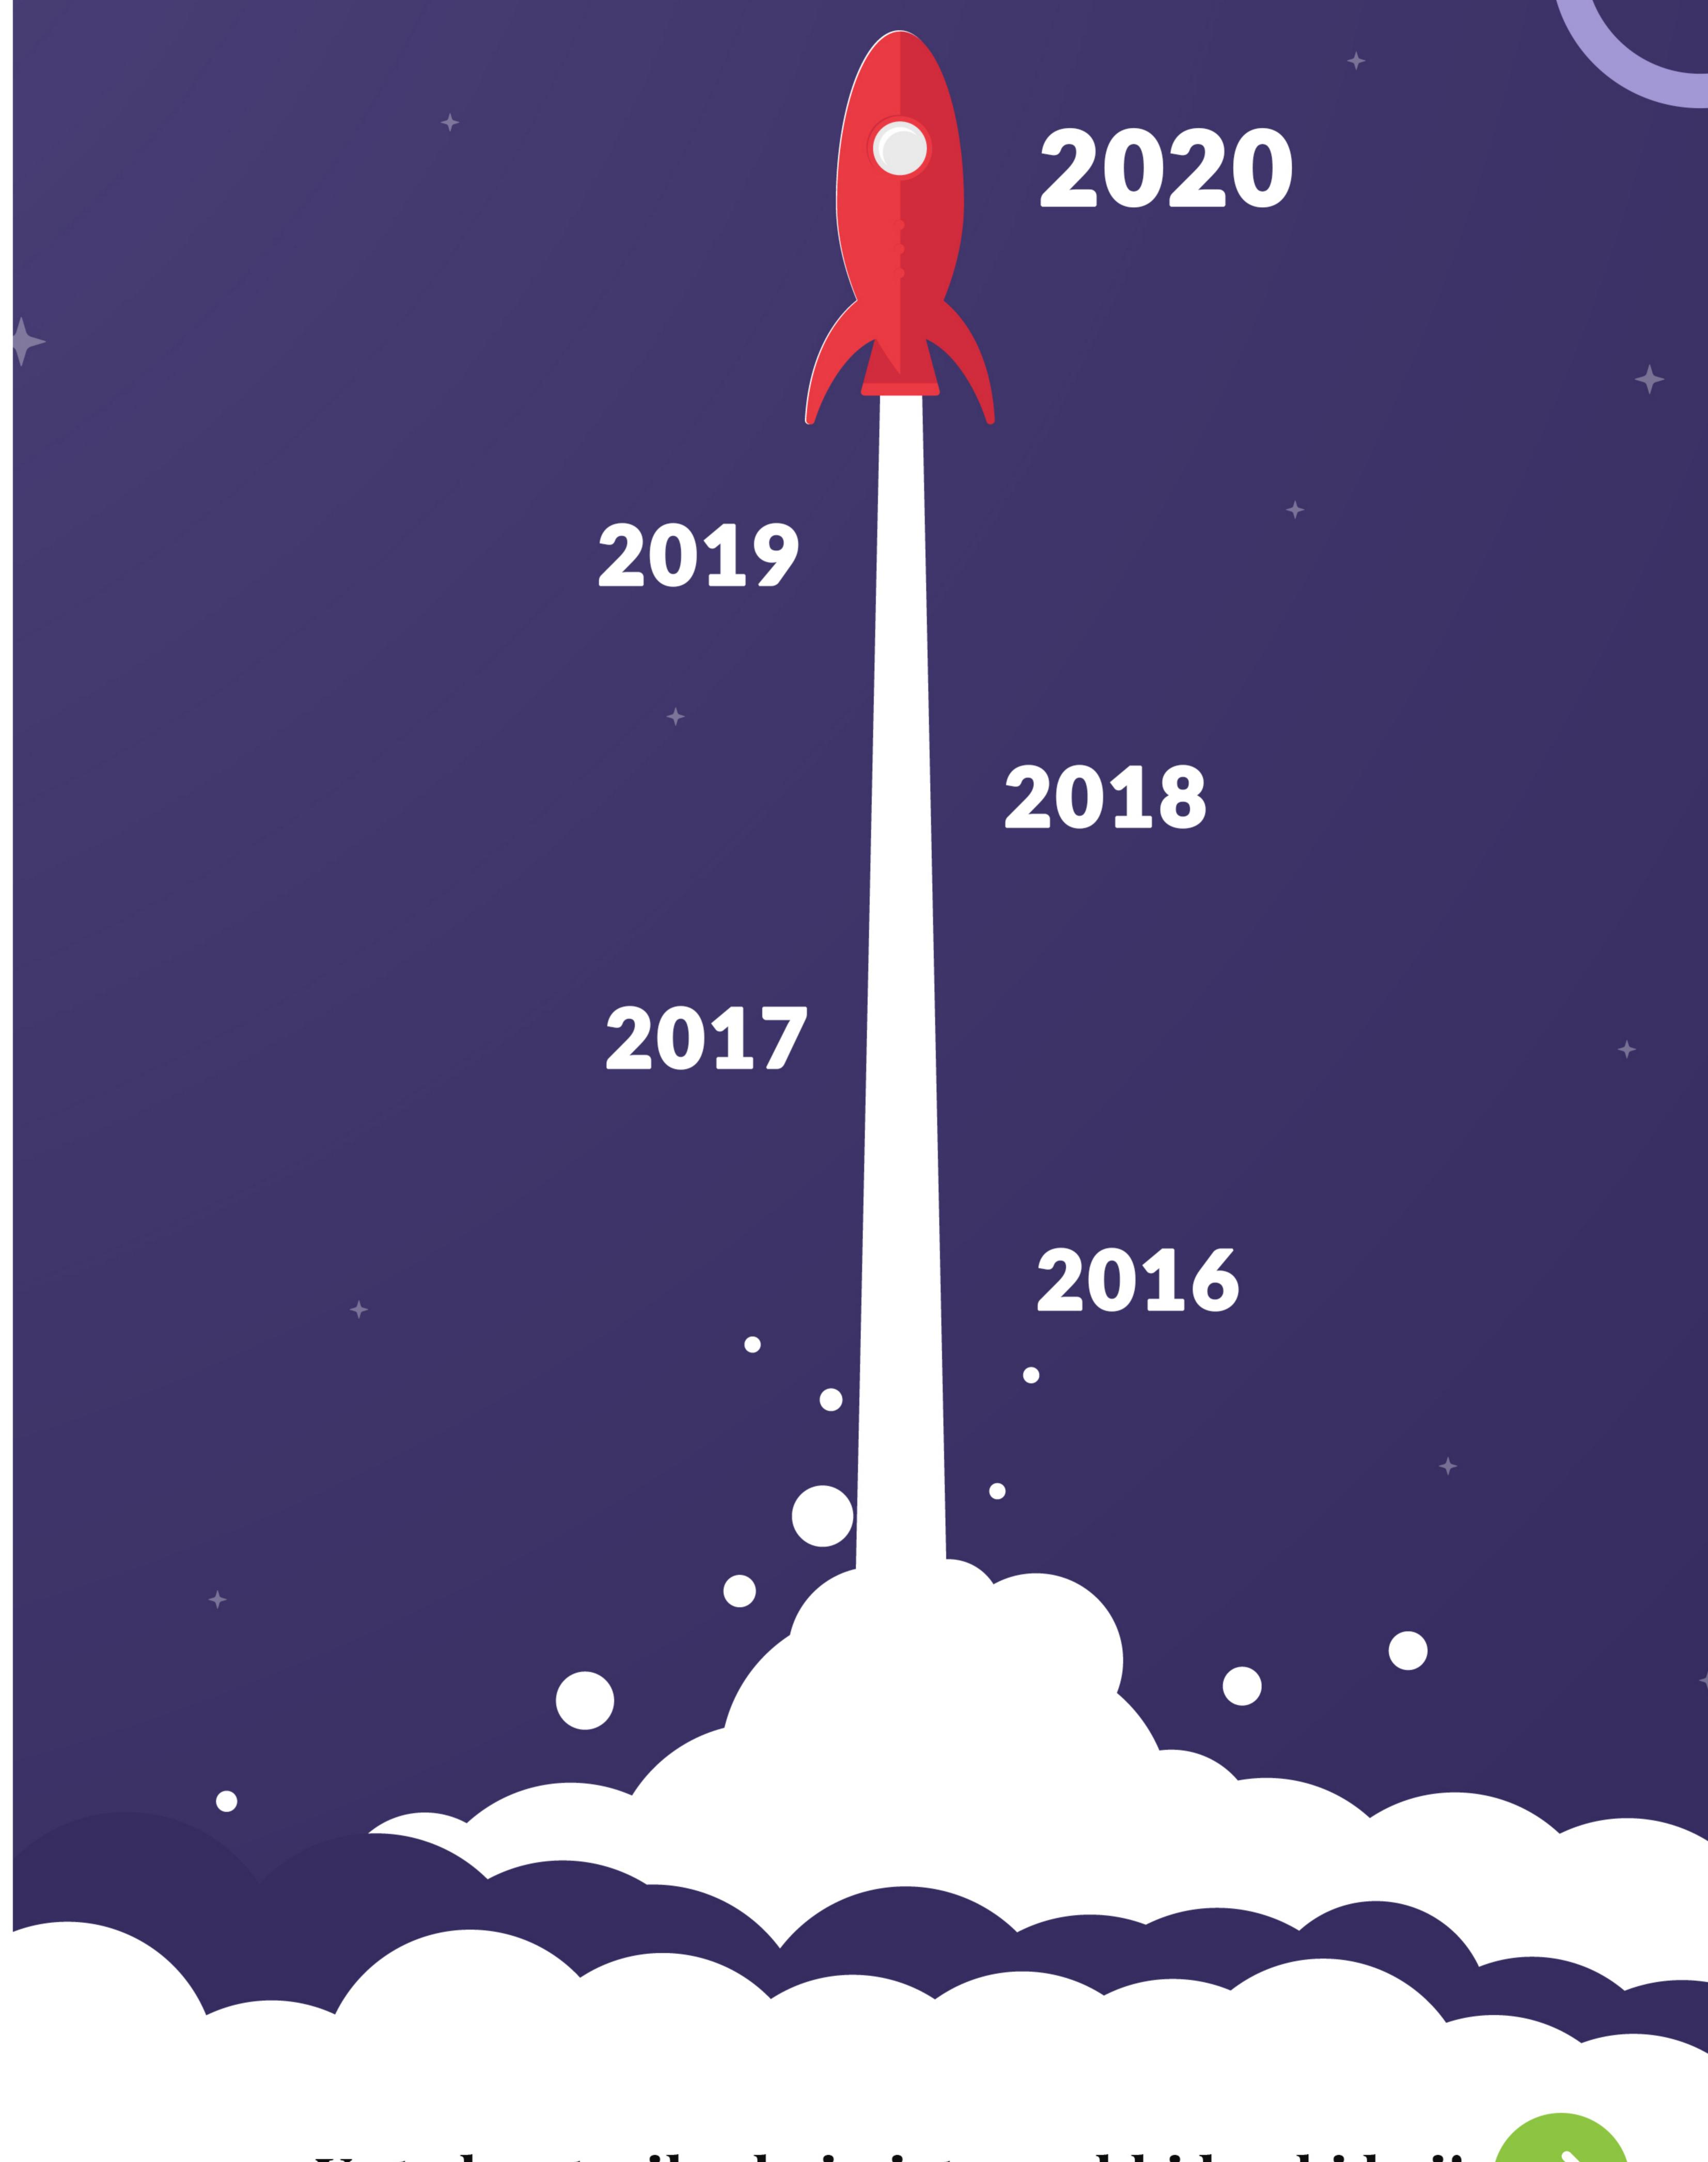

Journey Of SOftuvo

The road was tough, but we kept sailing.

Softuvo was established in 2016 and ever since then there was no looking back. Mr. Shanky Gupta, our Managing Director and the brain behind Softuvo have always been fascinated by technologies. But, he was not alone! Mr. Deepak Kumar, our Co-Managing Director put his innovation in the journey of Softuvo. Together, they blended innovation and technology to frame marvelous web and mobile solutions to clients across the globe.

We knew we would reach here, and further.

We started with the hope to become one of the leading IT companies in India, and we now are recognized by global platforms like - Good-Firms, Clutch, App Futura, and more. Oh Yes! We feel so Proud of our achievements!! But, the list doesn't end here, we have More Plans for the future!
